

Advancing Your Implant Practice Through Understanding Today's Digital Workflow

Presented by Dr. Bart Silverman

Hosted by Dr. Steven Liu DDS, DMD

Thursday, June 28, 2018 • 2 CE Credit Hours

COURSE DESCRIPTION

Implant dentistry technology is evolving at an incredible pace. This presentation will provide an update on current digital workflow and how it can help eliminate complications and further improve success rates. From CBCT to treatment planning software, surgical guide fabrication, implant guided surgery and intraoral scanning, this course will help bridge the gap between virtual and clinical dentistry.

LEARNING OBJECTIVES

- incorporating CBCT technology into implant treatment planning
- using digital impression systems for final implant restoration
- merging information from both digital systems for surgical guide production and immediate temporary restoration fabrication
- using a digital workflow to clearly communicate between surgical, restorative and laboratory clinicians
- incorporating digital impressions with scan bodies for custom abutments as an alternative to screw retained prosthesis
- achieving more predictable results regarding esthetics, function and cost on future implant cases through guided surgery

Dr. Bart Silverman

Dr. Bart Silverman is a graduate of Fairleigh Dickinson University in NJ. Dr. Silverman completed his graduate training from Fairleigh S. Dickinson Jr. School of Dentistry in 1986 where he received his doctorate of dental medicine degree. He completed his residency in Oral and Maxillofacial Surgery at Westchester County Medical Center and served as Chief Resident in 1989. He currently is Board Certified in Oral and Maxillofacial Surgery and serves as a Clinical Assistant Attending at Westchester County Medical Center's Department of Dentistry, and an Associate Clinical Professor at New York Medical College. Dr. Silverman is President of the Bi-State and Hudson River Study Groups, has been lecturing in the field of dental implants for over 20 years, and currently is in private practice at BWS Oral and Maxillofacial Surgery in New City, NY.
